

NEPTUNE

TECHNICAL INFORMATION

Neptune is the natural choice to combat the effects of vandalism, water or even chemicals. Robust, with distinctive fittings, we have designed this range in compact solid laminate to go the distance unscathed.

Nylon fittings with pore free surface prevents build up of dirt and bacteria.

NEPTUNE

TECHNICAL INFORMATION

- Item:** WC cubicle partitions, doors and front panels
- Board:** 12-13mm compact solid grade high pressure laminate (core density of 1.430kg/m3)
Available in standard colour ranges from Polyrey or Trespa
