CREATING INNOVATIVE WASHROOM & FURNITURE SOLUTIONS

Aaztec has been at the forefront of pioneering new techniques in the design, manufacture and installation of high quality furniture and washrooms since 1992. Our ability to tailor a washroom or furniture solution to suit the exact needs of a client's environment is unrivalled, and today our customers span all industry sectors.

Aaztec Health brings together three of the Aaztec brands to provide a comprehensive, one shop solution in healthcare products:

- Aaztec Washrooms
- Mediduct™
- Aaztec Furniture

We provide innovative, safe, secure and hygienic products to the healthcare sector with a focus on delivering environments that bring hope, comfort and therapeutic outcomes to those who use them. Our vision is to create spaces where service users can feel safe and comfortable and where healthcare providers can deliver the best possible care with maximum ease and efficiency.

Our experience in the healthcare sector allows us to provide expertise in product design and layout, minimise costs and create an environment that tailors to specific needs.

Aaztec offers a full design service to ensure every washroom component and bedroom piece fits the service user's needs in terms of look, feel, materials and durability. We can also advise on DDA compliance for user enablement including partial sighted and dementia care. We can guide you with surface finishes and fittings to complement and enhance any design or colour scheme.

The high-tech manufacturing capabilities at our factory enable Aaztec to produce any volume of product, from a highly bespoke 'one off' piece, to large quantities for high footfall areas such as hospitals. Every item we produce has our quality guarantee for complete customer satisfaction.

Aaztec can supply, or professionally install to suit your individual requirements. Our accreditations and expertise enable us to act as a subcontractor to construction companies, architects and designers. We can deliver supply only products for contractors to install or manage complete installation or refurbishment projects from start to finish. Our installation teams are highly skilled, experienced and committed, not only to ensuring that your washroom products and furniture are fitted just right but also that you are entirely satisfied.

Aaztec is a strategic partner trusted by construction professionals, facility managers and business owners to deliver excellent service and value throughout every stage of a project.

AAZTEC WASHROOMS

WASHROOMS

AAZTEC WASHROOMS

Safe, stylish and secure **WASHROOMS** for all healthcare environments

Aaztec can provide you with a wide range of panel products and sanitaryware to create safe and practical washrooms in any healthcare environment.

A variety of panel products including shower panels, cubicles, vanity units, basin and WC duct panels can be coordinated with high quality sanitaryware to complete a pleasant and hygienic washroom.

We offer secure and resilient sanitaryware products including basins and toilets that are safe, familiar and easy to use.

All of our products are designed to provide practical and stylish washroom environments that deliver carefully planned space to suit user needs. A wide range of colour schemes and finishes are available including digital printed images to incorporate patterns for a modern look.

AAZTEC MEDIDUCT

MEDIDUCT

Hygienic and simple to clean, our **MEDIDUCT** basin panel system is fully compliant with HTM 64 specifications

Mediduct offers an innovative wall hung hygienic solution to the healthcare sector, with a unique panel system and thermostatic mixer valves, fully compliant with NHS Estate Guidelines and HTM 64 panel specifications.

It is an easy to clean panel system that conceals all pipework and fixings. It has just one full length panel, giving no joints or gaps. This makes cleaning, maintenance and sanitising simple and quick to do, and leaves nowhere for microbes to breed.

Sanitaryware to complement Mediduct can be supplied separately from our healthcare range, with no-touch sensor activated taps and dispensers to reduce the transfer of bacteria and provide ease of maintenance.

These IPS and washroom panel products are manufactured using a range of materials treated with silver ion technology to provide long lasting protection against bacteria and prevent further growth.

AAZTEC FURNITURE

FURNITURE

Our increasing range of safe **FURNITURE** and products for secure healthcare environments provide innovative tough furniture solutions

Our knowledge and expertise in the production of furniture has made us a key contender in the manufacture of safe and secure, anti-ligature furniture for use in Hospitals and Mental Health Trusts.

We provide products that you can trust including beds, desks, chairs, cabinets and wardrobes with a focus on delivering familiar and therapeutic bedrooms where service users can feel safe and comfortable. We can create a secure environment but one that aids recovery and is pleasant to be in.

Our secure furniture has high quality features that minimise the most obvious ligature and security risks while still retaining a homely feel.

SANITARYWARE is an integral part of any healthcare environment so it is important to get the best style suited to its need

We supply many leading brands of sanitaryware, from full ranges to individual pieces. From wall hung pans to eco flushing cisterns, handwash basins to scrub-up troughs, showers to urinals – Aaztec have the ideal solution.

We also offer a comprehensive range of secure sanitaryware that is robust yet has an attractive domestic design for high secure applications including mental healthcare environments.

We only supply the highest quality, most water efficient and hygienic sanitaryware so you can be rest assured that all of your requirements are covered and expectations exceeded.

SANITARYWARE

Water-saving and reliable
BRASSWARE

To complement a full offering of healthcare sanitaryware, Aaztec also supply an extensive range of brassware that is both hygienic and economical.

Whether they be automatic or manual operation, the correct taps and showers can increase washing compliance, reduce cross contamination and make considerable savings on water costs.

BRASSWARE

Stylish, durable and versatile; we offer a wide range of **CUBICLES** for all environments

We manufacture our cubicles in a variety of different materials to suit the individual requirements and budgets of our customers, and the environments they are to be installed in.

Our collections include Premier, Deluxe, Essential, Children's and Individual so there is sure to be a range for you. Please request our Washroom Collection brochure for more information.

CUBICLES

An extensive range of functional **ACCESSORIES**

Washroom and handwash accessories are available to match and complement all of Aaztec's cubicle and panel ranges.

All washroom spaces should be complete with those finishing touches that make it a pleasure to use. Everything from energy efficient hand driers to automatic soap and paper towel dispensers can enhance the design and practicality of an area.

Our accessories are available in different types of materials and finishes, including stainless steel, polished chrome, white metal and plastic.

ACCESSORIES

Strong and secure, our wide range of **LOCKERS** and **BENCHES** are perfect for changing room and cloakroom areas

Lockers come in a huge range of configurations, ranging from standard to heavy duty use, suitable for wet or dry environments, and mini ones designed to store small personal valuables. These can be incorporated into changing areas or 'banked' along a corridor wall.

Our lockers can be coated in the anti-bacterial technology making them hygienic, hardwearing and will inhibit the growth of a wide range of microbes.

Made-to-measure, our bench systems provide exceptional long-life solutions for cloakroom and changing rooms.

LOCKERS & BENCHES

Aesthetic and hard-wearing **WALL PANELS**

Aaztec's wall panels range are available in all our standard panel materials and are also available in WBP bonded HPL, PVC and tile effect SGL ideal for wet shower areas.

Wall panels are a popular way to replace tiles and decorated walls with a hard wearing surface and in most cases a waterproof surface that's easy to clean and hygienic with no grout lines to harbour mould and bacteria.

The panels come in a wide range of surface finishes and colours to complement any washroom or corridor interior.

WALL PANELS

VANITY UNITS are available to suit our complete range of cubicles and washroom systems

Vanity units are available using our complete range of materials, they can also be constructed from Granite and solid surface materials like Corian or Hanex, as well as an innovative range of recycled materials.

They are available in various heights and depths, suitable for various basin styles and even compatible with solid surface or stainless wash troughs.

VANITY UNITS

Fully enclosed **SHOWERPODS** maximise both space and privacy

Aaztec are partnering with Taplanes to bring you shower facility solutions for your washroom project.

The pods provide a completely waterproof and private environment in which to shower. Size, shape and specification details can be tailored to suit.

We can provide an external façade to seamlessly integrate the pods and complement the overall washroom design.

Shower pods are ideal for modernising existing communal showering facilities where privacy is essential.

SHOWERPODS

SERVICE PLAN

Our unique 7-stage SERVICE PLAN has been developed to ensure a pleasant and seamless experience with your project, from a simple vanity unit to an extensive refurbishment. We go the extra mile during every step of the process to ensure an outcome of the highest quality. Aaztec hold both ISO9001 Quality management system and ISO 14001 Environmental management system accreditations, to ensure consistent quality all the time.

1. SPECIFICATION - Our friendly and knowledgeable team will help you choose the most suitable products for your project. We can visit and survey your project if required. We are always available for any advice you may need, just call our helpful sales team, who can help you with technical support and provide product literature and samples.

2. ESTIMATING - Our estimating service levels have never been stronger. We pride ourselves in providing detailed and comprehensive quotations on time. We can also provide value engineered alternatives and cost effective available options.

3. DESIGN PROCESS - Once your order is placed, our in-house, highly skilled CAD technicians will prepare layout drawings and guide you throughout your project. Everything from dimensions, colours and drawings are sent for your approval prior to manufacture.

4. PRODUCTION - Our state of the art machinery allows us to streamline our production process to make it more efficient than ever before. Our highly skilled and hardworking production team will ensure that your products are finished to the highest level of quality.

5. DELIVERY - We're fully committed to delivering your order when you need it, wherever you are in the country. We can deliver direct to site, provide multi drop and on site distribution options. Our goal is to provide 100% on time and in full deliveries.

6. INSTALLATION - We can install all our products to ensure the highest quality control and finish. We also provide technical support to guide you through the installation process. We are CHAS and construction line accredited and all installation technicians are CSCS and CRB approved.

7. AFTER SALES SUPPORT & CARE - Once your products have been delivered, your dedicated point of contact will efficiently deal with all of your after sales needs. Attentive and highly efficient, they will ensure you're completely happy with our products and service.

DESIGN STUDIO

Our design studio has been developed to assist architects, designers and end users select the perfect colour combination.

Use this interactive washroom design scheme to see how colours interact and match with each other, consider various options and see how your washroom will look before placing your order.
