

CHOOSING YOUR CUBICLES

Follow these three easy steps to choose your cubicles and washroom products:

- 1 Choose your panel performance requirements from the panel guide below.
- 2 Choose your cubicle fittings range from the following cubicle collections:
 - Premier - Essential
 - Deluxe - Children's
- 3 Contact the helpful Aaztec team on 01423 326400 to choose colour schemes, Vanity units, duct panels or any other products to ensure a stylish and well designed washroom.

PANEL GUIDE

Here at Aaztec we pride ourselves on being up to date with the latest modern materials and technology involved in the manufacture of cubicles. We manufacture our cubicles in various different materials to suit the individual requirements and budgets of our customers, and the environments they are to be installed in. Please read the guide to help determine which material would be suitable for your cubicles, or contact us if you require any further advice.

Ranges available in SGL: Baltic, Signature Flush, Ocean, Atlantic, Pacific, Marine, Penguin, Nautilus, Neptune, Fortress

Solid Grade Laminate (SGL)

SGL provides outstanding durability with superior resistance against impact, abrasion and general surface wear. Its surface is impervious to water and maintains its integrity even in the most heavy duty applications.

It is produced from layers of Kraft paper impregnated with phenolic resin with two decorative sides, and to 12.5mm thick. SGL is the ideal choice for washroom and changing room areas that have very high traffic, or challenging and wet conditions. with over 24 standard colour choices

Ranges available in CDF: Baltic, Ocean, Atlantic, Pacific, Marine, Penguin, Nautilus, Neptune

Compact Density Fibreboard (CDF)

CDF is a high density 12.8mm thick black fibreboard core fused between two impregnated melamine decorative layers. CDF is a robust cost effective self-supporting material. It is also environmentally friendly being made from sustainable Swiss forests and 90% renewable energy sources.

CDF is ideal for washroom and changing room areas requiring hard wearing, moisture resistant surfaces. CDF offers 19 standard stock colour choices.

CHOOSING YOUR CUBICLES

Ranges available in PBL: Baltic, Atlantic, Pacific, Marine, Dune, Tropic, Jungle

Pre-Bonded Laminate (PBL)

PBL is a premium quality 0.7mm laminated surface finish of Kronoswiss MDF with a multi-layered structure in accordance with EN438, that meets the highest standards in terms of wear resistance, shock and impact strength, in 19.2mm thick panels.

All PBL panels have impact resistant, ABS edging applied.

PBL is particularly suitable for short lead time projects that require wear and tear properties in dry environments. PBL offers 19 standard stock colour choices.

Ranges available in MFC: Baltic, Atlantic, Pacific, Marine, Dune, Tropic, Solar, Jungle

Melamine Faced Chipboard (MFC)

MFC incorporates two decorative melamine surfaces bonded to both sides of high density, chipboard under high pressure and temperature creating an 18mm thick panel.

All MFC panels have impact resistant, ABS edging applied.

MFC is a cost effective, hygienic and lightweight solution for all dry toilet areas, with over 40 standard colour choices.

Ranges available in HPL: Baltic, Signature Flush, Atlantic, Pacific, Marine, Dune, Tropic, Jungle

High Pressure Laminate (HPL)

HPL is constructed from layers of high quality kraft paper, reinforced by thermosetting resins with one decorative surface. The result is a hygienic 0.8mm thick flexible sheet material. HPL is bonded onto a coreboard substrate to produce a strong finished 20mm thick panel. Panels can be post-formed to create a seamless, curved edge detail.

All HPL panels have impact resistant, ABS edging applied.

HPL is suitable for use in areas of high traffic and stylish, designed areas, with over 40 standard colour choices.
